

A Sparkly First Visit

Letter One

Dear Sweet Friend,

What a wonderful surprise I found tonight - your very first little tooth! I could tell you had taken such good care of it, and I carried it safely back to my fairy home.

I have left a small surprise in its place. Keep brushing carefully, because I may be back before you know it.

I will remember this as the night our tooth-fairy adventure began.

I Remember You!

Letter Two

Dear Sweet Friend,

I knew this little tooth belonged to a very special child the moment I saw it. I still remember collecting the first tooth and beginning our magical adventure together.

This one was tucked away beautifully for me. Thank you for making my moonlit job so easy!

I have left another little surprise. I wonder which tooth will be the next to wobble?

*Until my next visit,
The Tooth Fairy*

Another Moonlit Delivery

Letter Three

Dear Sweet Friend,

Here I am again! The collection is growing, and every little tooth reminds me just how much you are growing too.

I remember my first visit, and then the second tooth left so neatly for me. Tonight's tooth was another lovely addition to my tiny fairy treasure chest.

Keep up the wonderful brushing. I have left something small to thank you.

Our Tooth Fairy Tradition

Letter Four

Dear Sweet Friend,

By now, we have shared quite a few moonlit visits. I still remember that very first tooth, the next one that made me smile, and the special note I left on my last trip.

You are becoming such an expert at looking after your growing smile. I am very proud of you.

There may still be more wobbly-tooth adventures ahead, so keep this letter somewhere safe until I return.

*With fairy hugs and glittery wishes,
The Tooth Fairy*
